As well as the above, our 'Golden threads' underpinning the development of spoken language, reading and writing throughout all phases are below:

We aim to support pupils to:

read easily, fluently and with good understanding

develop the habit of reading widely and often, for both pleasure and information

acquire a wide vocabulary, an understanding of grammar and knowledge of linguistic conventions for reading, writing and spoken language

increasingly at Secondary, appreciate our rich and varied literary heritage through a book-based approach throughout all phases

write clearly, accurately and coherently, adapting their language and style in and for a range of contexts, purposes and audiences

use discussion in order to learn; pupils will be supported to be able to elaborate and explain clearly their understanding and ideas

to be increasingly competent in the arts of speaking and listening, knowing how to argue and explain and put across a point of view,

Reengage pupils with English, particularly where older pupils may be struggling with reading and accessing the curriculum in joining us at AP
