## USE OF THE STAMP

This is a sample stamp of the School Swimming and Water Safety stamp. When possible, it is recommended to use a horizontal position in all communication, instead at an angle of 5 degrees or -5 degrees.

The position and positioning of the elements are as follows: consider the horizontal balance, direction applied to the communication.

In this, the logo name is placed before the School Swimming and Water Safety stamp.

## MONO LOGOS

The logo is placed on a dark background and contains only one color, black.

## **EXCLUSION AND MINIMUM SIZE**
